By BENNETT CERF

IN HIS EARLY DAYS as a country lawyer, Abraham Lincoln rather fancied himself as a horse trader and readily agreed to an unusual swap with a rival bargainer—the most important judge in that part of Illinois, in fact. Lincoln was not to see the judge's horse beforehand, and the judge was not to see Lincoln's.

Came the morning of the trade, and a big crowd turned up to see who would prove the shrewdest horse trader. The judge hove into view first, dragging behind him the oldest, sorriest looking nag that ever managed to stand on four feet. The crowd was still chuckling when Lincoln came along, carrying a carpenter's wooden saw horse.

For a long minute, Mr. Lincoln stared at the judge's horse without speaking. Then his face lit up with that wonderful smile of his, and he exclaimed, "Judge, this is the first time I ever got the worst of it in a horse trade!"

In loving memory of Raymond Spurlock, who passed away two years ago May 6, 1965.

Dear Lord, please take this message
To our loved one up above;
Tell him how much we miss him
And give him all our love.
Although his soul is now at rest,
And free from care and pain,
The world would seem like heaven
If we had him back again.
If all the world was ours to give
We would give it and more
To see the face of the one we loved
Come smiling through our door.

safety inspections.
Balay says, "we can write up a safety infraction, but if the guilty party refuses to comply, we do not have the authority to enforce it."

"The old ordinance specifies that places of public assembly and mercantile establishments can be inspected for hazards. No provision is made for trash, unoccupied dwellings, regulation of flammable materials or other types of fire hazards," continues the Chief. "No protection is offered existing businesses to the type of commercial establishments that can be located next to them nor can we enforce the demands of property holders to force the owners of a half destroyed building to raze the eye sore and public nuisance."

Balay would like for the city to adopt the 1960, as amended, State of Indiana abbreviated Fire Prevention Code, which would satisfy the minimum requirements for a community of Greencastle's size. This ordinance provides for enforcement and would be effective for new growth in the city. He says this ordinance has been under discussion for some time with the City Attorney and is being considered.

by HELOISE CRUSE

Dear Folks:

One of my friends has the cutest artificial tree you ever saw, and believe me, he paid a fortune for it.

Well, by hook and by crook I outdid that tree, and now I'm going to tell you how to make one . . . for a patio, in the corner of your living room or for the den.

Get a small dead tree or a big piece off of one and stick it in a heavy crock or pot with pebbles or stones around it. Buy plastic leaves and branches at the dime store and wire them to the limbs. (The green plastic covered wires that come on bread and vegetables are good for this job.) If the tree limb is fairly large, you can bore holes in it and stick these fabulous leaves in each tiny hole.

Now to top it off, add some of the small plastic oranges, grapes, etc., that may have been gathering dust on your table. Even the pebbles and pot can be spray-painted if you wish.

Opening lead — queen of hearts.

The more chances you give declarer to make a mistake, the more mistakes he will make. Here is a case where West made a fine defensive play that caused declarer to go down.

West led a heart. East took dummy's king with the ace and returned a heart. West won with the ten and shifted to the jack of clubs.

Declarer won in dummy and led a spade. East showing out. West took South's king with the ace and returned the ten of clubs. Declarer won in dummy, and all he now had to do was come to his hand to draw

trumps and take the rest of the tricks.
At this point South had to choose between ruffing a club or first playing the ace of diamonds and then ruffing a diamond. South realized that if he tried to ruff a club and it turned out that West had only two clubs originally, he would be defeated when West overruffed. He therefore led the ace of diamonds, intending to ruff a diamond next.

But on the ace of diamonds West played the king! West knew South's problem and tried to persuade him that the king was a singleton and that another diamond lead would subject him to an overruff. West also knew that playing the king could not cost him a thing, since he was aware that South's remaining cards were all trumps. So South, rightly or not, tried to get to his hand by ruffing a club. As a result, he went down one, West scoring a second trump trick.

South had a really difficult guess once West had falsified with the king of diamonds. But if West had made the normal play of a low diamond on the ace, it seems likely that declarer would have ruffed a diamond and made the contract. The falsified card thus succeeded in creating a problem that gave South a chance to go wrong — and he did.

Heloise

The terrific point about this is that you can make your own tree any size you want, and it "grows" the way you want it to.

It never gets yellow, never gets bugs, you don't have to water it... and it's movable. So next time you're at your dime store, look over those plastic flowers and leaves and make a real decorator's tree for your home.

Heloise

Dear Heloise:

I have seven children and needless to say, make a large quantity of cookies when I bake. Here is the easy bake method I use and love.

Instead of dropping the cookie dough by the spoonful I spread it in a large flat pan, bake it for 20 minutes or so, then cut it into squares after cooling slightly.

The cookies taste just as delicious and I don't have any more burned batches to throw away.

Most drop cookie recipes will work this way and I usually make two or three double recipes in one day. Enough to last a week or more.

Mrs. Mackley

Dear Heloise:

Did you know that you could add a few drops of household bleach to the water in a vase of flowers? It is simply wonderful, and there is no odor when you change the water.

Mrs. Wm. Carefoot

I checked with the National Flower Association and they say you are correct. Thanks for passing this hint along, Mrs. Carefoot.

Heloise

Dear Heloise:

Those plastic dry cleaner bags are handy if you need to sprinkle clothes on an ironing board. Slip one over the board lengthwise, and it keeps the board dry.

They are nice to put the sprinkled clothes in, too!

Helen Nibler

Dear Heloise:

Do you know how to remove one scent from a perfume bottle and atomizer when you wish to pour in a totally different fragrance?

Sylvia Brown

How about that, ladies? Has anyone a good suggestion for Sylvia? If so, please let us hear from you by just writing me in care of this paper.

Heloise

Dear Heloise:

Having twins is a wonderful experience if you cut a few corners and take time to share yourself with the rest of the family as well.

Here is how I solved the problem of feeding twins.

When they were small and impatient for feedings, I placed one twin in a reclining seat and put that in my rocking chair. I put the chair in front of me and rocked it with one foot as I sat in another chair holding and feeding the other twin. This pacified a hungry baby until I could get to him.

Then I switched the babies—feeding the hungry one and rocking the full baby to sleep at the same time.

I may have looked like a "one-man band" but it made mealtime easier on all of us.

Observe 50th Anniversary

Sunday, April 30th, Mr. and Mrs. Guy Shepherd held their 50th wedding anniversary in their home north of Greencastle. They held open house from 2 to 5 p.m. and there was an incessant stream of well wishers. Their very old friends who had known them through the years and many newer friends came, each with their own memories, to have a small part in this gala occasion.

Neighbors came from around Greencastle, New Winchester, Roachdale, Bainbridge, Russellville and Greencastle. Lives whom they had touched through the years in business, social and church affairs.

Those from other places and older friends were: Mr. and Mrs. Everett Fuller, friends of 40 years standing from Lebanon; Mr. and Mrs. Chester Negley and son, who had lived near Greencastle 28 years ago and had enjoyed many social times together through the years; Aunt Lota Randolph, 87 years young and her daughter, from Lebanon.

Mr. and Mrs. Harry Pierson, long time friends from Indianapolis; Mr. and Mrs. Edward Fritzsche of Indianapolis, cousin of Emma Shepherd; John Fritzsche and daughter of Plainfield, a brother of Emma; Mr. and Mrs. John Wolsieffer and sons of Oakland, Marie Wolsieffer being a niece; Mr. and Mrs. Fred Stewart of Lafayette, Mrs. Helen Stewart is a cousin; Mr. and Mrs. Conrad McVay of New Winchester, Ruth McVay is a sister of Emma.

The lovely, stately old home was filled with yellow and golden mums and roses, all given by friends. The dining table was beautifully decorated with flowers, candles, and a most gorgeous looking anniversary cake. Here punch and cake were served each guest, many having their cup replenished.

Into this house Emma came as a bride in April, 1917 and during their 50 years happy and sad events have come to them but none more memorable than this anniversary.

She placed her church membership in the Greencastle Presbyterian Church and has served it faithfully. For forty years she has taught Sunday School, her class being the kindergarten. She has long been a member of the Greencastle Community Club and was recently honored and feted as "Queen For a Day" by club members and given a beautiful gift.

Guy and Emma have one daughter, Helen Mason, and three lively grandchildren, Wayne, Frank and Marilee, who spend much of their time with their grandparents.

The good will and wishes of the guests were shown by the many lovely and useful gifts brought the honored couple. Friends and relatives enjoyed with the Shepherds the social hour and recalled many incidents of by-gone years which they had shared. Each and every one extended best wishes for the coming years and congratulations over their past 50 years.

It was a lovely and memorable occasion, and one the Shepherds will cherish and not soon forget.

Reelsville G.A.A. Girls Enjoy Outing

On Saturday, April 29, seven girls from the Reelsville Chapter of G.A.A. went to McCormick's Creek State Park to the State G.A.A. Camp for District VII. Those attending were Joyce Halton, Joyce Cromwell, Marsha Heeke, Patty Wilson, Sandra Garrison, Linda Callahan, Peggy Montgomery and Miss Darlene Dukes, sponsor.

One hundred forty-four girls met to compete with other girls in sports. They played volleyball, baseball and soccer, along with track and field events. The girls also had stunts, scavenger hunts and hiking.

The girls were divided into 12 teams with 10 girls on each team. Sandra Garrison was on the team which had the most total points for the whole camp. Peggy Montgomery and her team came in first for stunts, while Linda Callahan's team came in third on stunts.

The weekend was an experience which all the girls will remember for a long time.

Style Show

Tuesday evening, May 2, the Home Economics Department of Reelsville School presented the annual Fashion Show in conjunction with the May P.T.O. meeting.

The stage and modeling platform were decorated with an outdoor garden with a white trellis and backdrops covered with red flowers and greenery.

Narrating the show were Wanda Morlan, Linda Langdon, Janet Lindsay, and Loretta McCullough. Girls from grades seven through twelve modeled the aprons, sportswear, skirts, blouses, suits, school and afternoon dresses, and formals they had made in home economics class.

The piano music during the show was played by Kenny Hutcheson. Escorting the girls as they stepped from the stage were Joe Morlan and John Hood.

Stage decorating was done by the senior and sophomore girls. Refreshments of punch and cookies were prepared and served by the home economics classes at attractively decorated tables at the close of the fashion show and P.T.O. meeting.

Would you like to have some tips on how to grow better flowers, if you would, I would suggest that you go to the Roachdale Flower Club meeting on Wednesday, May 10, 7:30 p.m., at the Roachdale Library. The program will be given by Prof. E. C. Hoxsie of Purdue Horticulture Department. The 4-H Flower members, parents and interested people have been invited to attend. This should be a very educational meeting.

Plans are being made to form a 4-H Radio Activity. One planning meeting has been held and the second meeting is scheduled for next Tuesday night at the County Extension Office at 7:30 p.m. Any boy or girl interested in joining this activity is invited to attend and join the group.

4-H enrollment in the Greencastle Grade School is being completed. All schools have been visited and the boys should return their enrollment cards next week.

For the boys in the Greencastle grade schools, the clubs will be formed somewhat differently than in the past. The boys that live in the city will be enrolled in project clubs, rather than the one large club. For instance, if a boy is enrolled in forestry, he will be in the forestry club. This type of an arrangement should make the project more interesting and educational. The scope of the project will probably be a lot greater.

Project clubs that will be available — woodworking and crafts, flowers and garden, electric, insects and wildlife, forestry, soil and water conservation, wildlife, photography, geology and weather. As you can see, a member would not want to take all of the projects, but he wouldn't want to under the old system. The boys taking the agriculture projects, Jr. High and Sr. High, will be in Mr. Akers' club.

We have had several inquiries asking who is available to do custom spraying for the alfalfa weevil. If you are interested in doing custom spraying for the alfalfa weevil, please contact the County Extension Office or your local Farm Supply Store.

Drive the cost of living down, without giving up all this.

Chevrolet's room, ride and price. When Automotive News made its annual roominess study, Chevrolet got the most points. It's roomier inside, they reported, than any other American car. The ride is Full Coil suspension smooth. And Chevrolet hardtops and convertibles are still the lowest priced full-size cars of this kind you can buy. Chevrolet's quick size. It's quick to climb, quick to turn. Other mid-size cars might be like Chevelle, true. But they're not as low priced. And they're not made by Chevrolet with Body by Fisher, GM-developed energy-absorbing steering column, inner fenders and Full Coil suspension. Camaro's road-hugging stance. At its price, Camaro is the only sportster to give you wide-stance design. It rides steadier, clings to curves better,

hugs the road closer. It's the roomiest car you can buy. Plus, you get a bigger standard engine.

DePauw To Face Ball State Today

What could be a preview of the coming ICC tennis tournament will unfold today in Muncie where defending champion DePauw plays perennial runner-up Ball State.

DePauw enters the match with a 7-4 record, including a string of five consecutive shut-outs over Valparaiso, Miami, Purdue, Evansville and Indiana State.

The Tigers' losses have come at the hands of Western Kentucky (1-8), Middle Tennessee

State (4-5), Southern Illinois (1-8) and Indiana University (1-8).

Ball State enters the key dual match with an 8-5 record. The Cards have defeated Wofford, Furman, Davidson, Purdue, Butler, Evansville, Indiana State and St. Joseph's.

The losses have been to Erskine, Western Michigan, DePaul, Northern Illinois and Indiana.

Against common foes DePauw seems to have the edge. DePauw beat Indiana State and Purdue by similar 9-0 scores. The Cards whipped Purdue 7-2 and Indiana State 5-4. Both teams lost to Indiana, 8-1.

Hitting order for the Tigers has been Buzzie Pierce (1), Carl Hirth (2), Paul Mitchell (3), Rob Morrison (4), Rick Raines and Pete Thompson, alternating at 5 and 6.

Pierce and Mitchell have handled number one doubles, Hirth and Morrison take care of number two doubles and Raines and Thompson handle number three.

After playing Ball State DePauw hosts Butler May 9 and the ICC meet May 12-13.

DAILY CRYPTOQUOTE — Here's how to work it:
A X Y D L B A A X E
L O N G F E L L O W

One letter simply stands for another. In this sample A is used for the three L's, X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. Each day the code letters are different.

Junior-Adult Tourney Is Held

On Saturday, April 29, the Junior and Adult Tournament was held at Varsity Lanes. With much pride, the junior bowlers proceeded to show the adults that they have not been playing around at the lanes on Saturdays. They meant business when it came to bowling because quite a few adults left the bowling lanes with red faces after the scores were compared. (Heads up, adults! Maybe we can get a return engagement next year after we practice a little.)

Winners of the tournament and scores of other entries are posted at Varsity Lanes. Trophies for the winners will be awarded at the annual Junior Association Banquet at the Masonic Lodge on May 9th.

Division winners: Bantam Girl and Boy — Phetney Baker and Bill Brewster, Jr.-Sr. Girl and Boy — Vicki Aker and Del Staley.

The Putnam County Junior Bowling Association wishes to thank all the adults who participated in the tournament. It was very nice of you to take time out to participate in the tournament and we cannot express our complete thanks. Without your support to our association, it would be impossible to have such an organization as we have. This year we had 110 regular league members, plus a number of subs. Thank you again, and may we look forward to your association with us next year.

REMINDER!!
JAYCEE ROAD RALLY!
Sunday, May 7, 12:00 Noon!
City Parking Lot
Registration 11:00 to 12:00
See You At The Rally!

Church is the strongest dyke against evil.

Christian Home Week

Observe this Sunday as *Christian Home Service Day*. Let us aid our Laymen's Organization in applying Christianity to the Solution of Human Problems. Help remedy the tragedy of *Adult Delinquency*—the greatest reason for *Juvenile Delinquency*. The failure of parents has resulted in wrecking millions of young lives. Then Mr. and Mrs. — be sure your failure does not cost you and God the soul of your child.

Wake up! Get right! Make a move in the direction of the church and take your teen-agers with you! Just remember, *the Church is the strongest dyke against evil. The Church is the greatest foe of the penitentiary. The Church is mighty important, because Christ died for it.*

How can anyone afford NOT to support it — NOT to attend it — NOT to help propagate its teachings? Take your youngsters to church this *Christian Home Week*.

Spiritual Values take on a very different meaning with us adults once our juveniles become involved in the date-menace or act in trouble with the police.

You In The Church
The Church is You — form a combination for good. Every man, woman and child needs the influence of the church. So, come let us go into the house of the Lord. Let us support her program of service to humanity, be a faithful worker, a daily bible reader and attend services regularly.

This message is dedicated to the building of a more spiritual and a greater church going community under the auspices of the Greencastle Ministerial Association and is being sponsored by the following individuals and business firms who want, as their only return, to see more people attending church. The church needs your support. The community needs the church.
